

## New fees for 2017

Our foreign exchange services give you the accessibility to transact in different currencies, including US dollars, pounds sterling and euros. This pricing guide will help you choose the best foreign exchange service for you. All these fees apply from 1 January 2017.

## Managing your foreign exchange effectively

By choosing the appropriate foreign exchange service you can save on banking costs and improve security around foreign transactions.

- When travelling, avoid taking large sums of cash, rather replace the cash with travellers cheques that are safe and can be stopped immediately when lost or stolen.
- It is always useful to have a few notes on hand when you arrive at your destination to pay for tips, taxi fares and refreshments. Foreign notes are sold and purchased by the bank in all major currencies.
- Foreign payments are risky but can be done more securely by using telegraphic transfers (TTs), which are more convenient and cost-effective when transferring money from one country to another.
- Use Visa/MasterCard branded cards to transact while travelling.
- Letters of credit are the most secure form of payment when wanting to ensure payments are made when importing and exporting goods.

If you have any questions about these services or anything else we offer, please visit any Standard Bank branch.

### Disclaimer

Our products and services, and the terms under which they are offered, may change.

We will inform you within a reasonable time of these changes. It is in your interest to read your contract carefully.

If you have any questions or need more information contact your branch.

A close-up photograph of a silver and black calculator with a black pen resting on it. The calculator's keypad is visible, showing buttons for 'OFF', ':', '+', '9', '6', '3', '=', and '+'. The pen is a sleek, silver and black ballpoint pen.
