## NEW FEES FOR 2026

The savings account gives you access to various banking services and value-added features. This pricing guide will enable you to best understand the services provided and the costs associated with those services. All these fees apply from 1 January 2026.

## MANAGING YOUR BANK FEES

You can save on banking costs by fully using our cost-effective electronic banking services (ATM, Internet Banking, Mobile Banking). Using an electronic service is also less risky than handling and transporting cash. This service is available 24 hours a day, seven days a week. It is designed to assist you in managing your finances by giving you access to information and transactions at times most convenient to you.

## SECURITY

Handling cash is expensive and risky. Electronic payments should be encouraged wherever possible. If handling large amounts of cash is unavoidable, speak to us, and we may help manage both the risk and cost associated with cash.

Do not allow anyone to use your debit card; never reveal your PIN (Personal Identification Number) to anyone. If you think someone else knows your PIN, ask one of our consultants to stop all activity on your card, and we will replace it immediately.

## MANAGING YOUR MONEY

Keep the following in mind when managing your funds.

- Monitor the balance of your account.  
You can check your balance at any ATM or by logging onto Internet Banking, Mobile Banking or Cellphone Banking services.

## KEEPING COSTS DOWN

Remember that you could keep your costs down by choosing carefully how you do transactions.

- Using a Standard Bank ATM to make deposits and withdrawals is cheaper than going into one of our branches and doing it over the counter.
- Transfer funds or make payments using our Internet Banking and Cellphone Banking services. This is the simpler and cheapest way of Banking.
- Always have enough money in your account to cover your regular payments, such as loan payments, standing orders and debit orders. You must pay a fee if insufficient money is in your account, and transactions could be unpaid.
- Ensure that you have enough money to meet regular payments like loan repayments and debit orders.
- Keep your ATM/Debit card in a safe place to avoid paying for replacements.
- Get your employer to pay your salary into your account electronically to avoid deposit fees.

Please visit our nearest branch if you have any questions about these products or anything else we offer.
