PRICING

The credit card gives you access to a wide range of services and value-added features. This pricing guide will enable you to understand the services provided as well as the costs associated with those services. All these fees apply from 1 February 2021.

A credit card provides you with the convenience to transact, as often and at any time you like within your card limit. Your credit card can be used to pay for weekly shopping, day-to-day expenses and other items such as clothes, hotels, travel and restaurants.

MANAGING YOUR MONEY

Keep the following in mind when managing your funds:

- Monitor the activity and balance of your credit card account to ensure you remain within your card limit.
- To help you manage your account you will receive a monthly statement that will show your transactions on your credit card account, your available credit and the minimum repayment amount due.
- No need to carry cash as your Standard Bank credit card is safer than carrying cash and is accepted as payment wherever the MasterCard or Visa sign is displayed.
- A secondary card can be linked to your card account and you can choose who you would like to share your benefits with.

KEEPING COSTS DOWN

Remember that you can keep your costs down by choosing carefully how you perform transactions.

- You can receive 55 days interest-free credit on your purchases if you pay the balance in full.
- Transacting at POS is cheaper than drawing cash at the ATM. ATM transactions are treated as cash and attract interest from day one.
- Keep your credit card in a safe place to avoid paying for replacements.

If you have any questions about these products or anything else we offer, please visit our nearest branch.

DISCLAIMER

Our product and services, and the terms under which they are offered, may change. We will inform you within a reasonable time of these changes. It is in your interest to read your contract carefully.

If you have any questions or need more information contact your branch.
